The opposing team must comply with this request.
- Section 21. Failure by any team in the N.E.F.L. to comply with this request for any reason, as previously stated in Section 19, will be fined in an amount to be determined by the officers of the N.E.F.L. based on the number of teams in the league for that season and the budget for the league for that season.
- Section 22. No team may sign more than 3 players who were under contract at any time of that current year for the same NEFL team.
- Section 23. A previously competitive team that petitions the league to play at a lower level than planned by the league due to some number of lost players must submit a list of the players that they claim are not returning. At any point in time during the season, no more than 25% of the specified

ARTICLE VII – UNIFORMED PLAYERS

- Section 1. All teams playing in the N.E.F.L. must have no fewer than twenty-two active players in uniform at the start of each league game.
- Section 2. Any team playing in the N.E.F.L. that cannot dress, in uniform, a minimum of twenty-two active players at the start of each game may be issued a forfeit. This will be at the discretion of the game officials.
- Section 3. Any team in the N.E.F.L. having been issued a forfeit during the season due to not having the minimum of twenty-two active players in uniform will be required to hold a meeting with the officers of the N.E.F.L. at which time a decision will be made by the league officers to determine if said team can continue league play and complete the season.
- Section 4. Any player in full uniform on sideline will be considered an active participant even if he did not play in the game.
- Section 5. If a player(s) game jersey number changes after final rosters are submitted to the league office, the league office must be notified whenever possible and/or practical before said player(s) participate in game. If said player(s) game jersey number is changing the day of a game, the opposing team must be notified whenever possible and/or practical by a game official.
- Section 6. Any team in the N.E.F.L. that does not notify the league office and/or the opposing team, whenever possible and/or practical, when a player(s) game jersey number changes after final rosters are submitted to the league office may be fined in an amount to be determined by the officers of the N.E.F.L. based on the number of teams in the league for that season and the budget of the league for that season.

ARTICLE VIII – DRESS CODE

- Section 1. Any team playing in the N.E.F.L. must have all players on said team in a uniform consisting of matching helmets and facemasks, jerseys, pants and socks, with the numbers on the jerseys being visible on the front, back and either the shoulders or sleeves of the jersey. All team names or logos must go on the player's helmets.
- Section 2. Any player participating in a N.E.F.L. game not wearing a matching uniform to that of the team he is representing will be given a warning by a game official and said player will have until said team's next scheduled league game to obtain correct uniform. If said player does not have corrected uniform by his team's next scheduled league game, he will not be allowed to participate until the proper uniform is obtained and a decision is made by a game official.

ARTICLE IX – REGULAR SEASON

- Section 1. The N.E.F.L. regular season will be at least eight but no more than ten weeks long with each team playing one game a week, unless there is an odd number of teams in the league that season, then each team will receive one bye week.
- Section 2. Any N.E.F.L. regular season game that is unable to be played due to inclement weather, field conditions or any other unforeseen circumstance, will be made up immediately following the end of the N.E.F.L. regular season or at a date and time set by the officers of the N.E.F.L. and the game officials.
- Section 3. Any team in the N.E.F.L. that is issued a forfeit for any scheduled regular season, make-up or playoff game by the officers of the N.E.F.L. or the game officials will be fined in an amount to be determined by the officers of the N.E.F.L. based on the number of teams in the league for that season and the budget of the league for that season. Said team will no longer be eligible to compete in the N.E.F.L. playoff tournament and will be required to hold a meeting with the officers of the N.E.F.L., at which time a decision will be made by the league officers to determine if said team will be allowed to continue to participate in the N.E.F.L. and/or any other disciplinary action will be taken against said team and/or its head coach, general manager and team representative by the N.E.F.L. Board of Directors.

ARTICLE X – PLAYOFFS

- Section 1. The N.E.F.L. playoffs will be a single elimination tournament for each of the league's conferences. Conference games only are used to determine playoff seedings. The number of teams eligible for the playoff tournaments, and the format of each tournament, will be determined by the league's Board of Directors prior to the start of the season. Teams will be seeded in the playoff tournament based on their regular season record within their conference. The higher seeded team in each playoff game will be awarded home field. For the conference championship games, if both finalists have the same seed number, the team with the better regular season record will be awarded home field. Should finalists have both the same seed number and regular season record, the wild-card tie breaker will be used to determine home field priority.

If, at the end of the regular season, two or more clubs in the same division finish with identical won-lost-tied percentages, the following steps will be used to determine seeding for said teams.

Two Clubs

1. Head-to-head (best won-lost-tied percentage in games between the clubs).
2. Best won-lost-tied percentage in games played within the division if there is divisional play for that season.
3. Best won-lost-tied percentage in common games.
4. Strength of victory.
5. Average points per game allowed versus playoff teams in the conference.
6. Coin toss.

ARTICLE X – PLAYOFFS (continued)

Three or More Clubs

(Note: If two clubs remain tied after third or other clubs are eliminated during any step, tie breaker reverts to step 1 of the two-club format).

1. Head-to-head (best won-lost-tied percentage in games among the clubs).
2. Best won-lost-tied percentage in games played within the division if there is divisional play for that season.
3. Best won-lost-tied percentage in common games.
4. Strength of victory.
5. Average points per game allowed versus playoff teams in the conference.
6. Coin toss.

TO BREAK A TIE FOR A WILD-CARD TEAM

If it is necessary to break ties to determine the Wild-Card clubs from the same division, apply the divisional tie breaker. If the tied clubs are from different divisions apply the following steps:

Two Clubs

1. Head-to-head, if applicable.
2. Best won-lost-tied percentage in common games, minimum of four.
3. Strength of victory.
4. Average points per game allowed versus playoff teams in the conference.
5. Coin toss.

Three or More Clubs

(Note: If two clubs remain tied after third or other clubs are eliminated, tie breaker reverts to step 1 of applicable two-club format.)

1. Apply division tie breaker to eliminate all but the highest ranked club in each division prior to proceeding to step 2 if there is divisional play for that season. The original seeding within a division upon application of the division tie breaker remains the same for all subsequent applications of the procedure that are necessary to identify the Wild-Card participants.
2. Head-to-head sweep. (Applicable only if one club has defeated each of the others or if one club has lost to each of the others.)
3. Best won-lost-tied percentage in common games, minimum of four.
4. Strength of victory.
5. Average points per game allowed versus playoff teams in the conference.
6. Coin Toss.

OTHER TIE-BREAKING PROCEDURES

1. Only one club advances to the playoffs in any tie-breaking step. Remaining tied clubs revert to the first step of the applicable division or Wild-Card tie breakers. As an example, if two clubs remain tied in any tie-breaker step after all other clubs have been eliminated, the procedure reverts to step one of the two-club format to determine the winner. When one club wins the tie breaker, all other clubs revert to step 1 of the applicable two club or three-club format.

ARTICLE X – PLAYOFFS (continued)

2. In comparing division and conference record or records against common opponents among tied teams, the best won-lost-tied percentage is the deciding factor since teams may have played an unequal number of games.

3. When applying the “average points per game allowed versus playoff teams in the conference” tie-breaker to determine a final playoff spot, the two or more teams tied for said spot will have their points allowed included in the average point allowed calculations. In the event of the need to use this tie-breaker two or more times for ties within the same conference, any tie for a final playoff spot will be conducted first, and only the team advancing to the playoffs will have their points allowed included in any calculations for the remaining ties.

Section 2. Any game that ends in a tie score after the completion of four quarters, or regulation time, in the N.E.F.L. playoff tournament, play will continue after a five minute intermission. Another fifteen minutes of official time will be added by the game officials on the field; this will be considered an overtime period or sudden-death. The first team to score in this period will win the game. At the end of fifteen minutes, if the score is still tied, after a five minute intermission, play will resume using the N.C.A.A. tie-breaking system (see N.C.A.A. rules).

Section 3. The team finishing the N.E.F.L. playoff tournament undefeated will be considered the winner of the tournament and the champion of the N.E.F.L. Said team will be awarded the Leo Lombardi Championship Trophy and will be responsible for the trophy for a period of time to be determined by the N.E.F.L. Board of Directors, but not longer than the conclusion of the following N.E.F.L. regular season. Said team will also be responsible for any and all damages incurred to the championship trophy while in said team’s possession. If the championship trophy is not returned at the time set by the N.E.F.L. Board of Directors and not in the condition that it was issued, said team will be held liable and will not be allowed to participate in the N.E.F.L. until the championship trophy is returned and/or any and all damages have been repaired and paid in full. Legal action will also be taken by the N.E.F.L. Board of Directors for any unpaid damages.

ARTICLE XI – SUSPENSIONS ISSUED BY GAME OR LEAGUE OFFICIALS

Section 1. Any player or coach in the N.E.F.L. involved in a fight will be suspended for the remainder of that game and may be suspended for an additional game or games at the discretion of the game officials and N.E.F.L. Board of Directors.

Section 2. Any player, coach or authorized team personnel leaving the bench area and/or joining the fight during a fight on the field or in any designated seating area will be suspended for three games.

Section 3. Any player in the N.E.F.L. receiving three personal fouls in one game will be suspended for the remainder of that game.

Section 4. Any player or coach ejected from three games in one season will be automatically suspended for the remainder of that season.

ARTICLE XI – SUSPENSIONS ISSUED BY GAME OR LEAGUE OFFICIALS (continued)

- Section 5. Any player or coach in the N.E.F.L. verbally abusive to any game official will be automatically suspended from that game.
- Section 6. Any player in the N.E.F.L. being penalized by game officials for intentionally trying to injure another player will be automatically suspended from the N.E.F.L. for one full year from the date the suspension was issued.
- Section 7. Any player or coach in the N.E.F.L. physically abusive to any game official will be automatically suspended from the N.E.F.L. for life.
- Section 8. Any player or coach in the N.E.F.L. being issued a one year suspension by game officials of the N.E.F.L. may request a meeting with the officers of the N.E.F.L. to appeal the suspension.
- Section 9. Any player petitioning to be reinstated in the N.E.F.L. after serving the full term of his suspension for being found guilty by the officers of the N.E.F.L. of intentionally trying to injure another player must request a meeting with the league officers and the game officials who originally issued the said suspension, whereas a vote by the league officers and the game officials will take place to determine if and on what date said player will be reinstated into the N.E.F.L.

ARTICLE XII – LEAGUE FEES

- Section 1. All teams playing in the N.E.F.L. will be charged a participation fee, hereinafter called dues, of an amount determined by the officers of the N.E.F.L. before the start of the season based on the number of teams in the league that season and the budget of the league for that season.
- Section 2. All teams playing in the N.E.F.L. must have their dues paid in full on the date set by the officers of the N.E.F.L. for that season.
- Section 3. Any team in the N.E.F.L. that does not have its dues paid in full to the N.E.F.L. on the date set by the league officers will not be put on the league schedule.
- Section 4. Any team in the N.E.F.L. that will not be able to have its dues paid in full on the date set by the officers of the N.E.F.L. and knows at least one full week prior to the set date may request a meeting with the league officers, at which time a decision will be made by the league officers to determine if said team will be given an extension to the original date.
- Section 5. Any player(s) or person(s) in the N.E.F.L. that owes his current or former team any dues, uniform and/or equipment will not be allowed by the league officers to be carried on any N.E.F.L. team roster, or be allowed to participate with any N.E.F.L. team until said dues are paid in full and/or said uniform or equipment is returned and/or reimbursed to said team. Said team must submit the official “N.E.F.L. Player Dues/Team Equipment Procurement Form” to the league office. Uniform and/or equipment owed to said team by any player(s) or person(s) will be valued at the discretion of the Officers of the N.E.F.L. The Officers of the N.E.F.L. will enforce

ARTICLE XII – LEAGUE FEES (continued)

player(s) or person(s) outstanding team dues for the previous year only, unless player(s) or person(s) voluntarily does not participate in the N.E.F.L, then any and all outstanding dues and/or equipment from the last year that player(s) or person(s) participated with said team, must be paid or returned to said team in full before player(s) or person(s) are allowed to participate in the N.E.F.L.

ARTICLE XIII – GAME SCHEDULES
